Sheriff To Send Nevada City Man To Fill Vacancy

Jail In Truckee Is Planned As Official Branch of County's

Sheriff Carl Tobiassen announced yesterday that he plans to send Deputy Sheriff George DeSoto of Nevada City to Truckee to work nights until such a time as the former can decide upon and train a permanent local man for the position created recently by an ordinance by the county board of supervisors.

The sheriff said that he has one or two possible candidates for the position but that he has not had time to make a thorough study of their qualities.

"Until such time as I can secure the right man and give him the required training necessary for the job he will fill, I propose to work one of the regular deputies in Truckee," the sheriff declared.

Tobiassen said that he proposes to make the Truckee jail a branch of the Nevada County institution with a fully equipped fingerprinting department and other necessary equipment for investigation and identificaton. Short term prisoners will be lodged in the local jail where meals and needed facilities will be made available.

The sheriff indicated that he is still accepting applications for the local position which pays $190 a month.

Petty Theft Suspects Put Under $150 Bail by Judge

Three of four suspects in a local petty theft cast are being held in the county jail under bail of $150 each while the fourth member of the quartet is still being sought.

The three arrested Sunday by Constable N. F. Dolley and booked at the local jail are Frank Hallbeck, Betty Kennedy and Lillian Bandur. They were arrested after Joe Alcala reported to Dolley that he had been robbed of his wallet containing approximately $70.

The three entered pleas of not guilty when taken before Justice of the Peace R. N. Little who fixed the bail. They were taken to the county jail by Sheriff Tobiassen.

Minor Fires Controlled By Forest Service Men

A sawdust fire at Hobart Mills had the forest service suppression crews out Saturday afternoon. The area burned was small and rapid control with tank trucks was needed to keep the fire from spotting and spreading in dry sawdust. Fortunately, the sawdust pile was along the road and near a creek so the tankers could pump sufficient water for a quick mop-up. The cause of the fire is as yet undetermined.

A small fire in the vicinity of Donner Lake was reported to District Ranger H. I. Snider on the evening of August 27 by Fred Martin of Reno who saw the fire while passing and kicked dirt on it to keep it from spreading. The fire was the result of smoking.

E. D. Snare, Belle Haven, Va., paid a $20 fine in the Tahoe City justice court for burning without a permit at Kings Beach. He was cited by Fred White, forest service patrolman.

DEPARTMENT CALLED

The volunteer fire department was called out for the second time Sunday night to prevent a fire at the Truckee Public Market. Previously the department was called there when a compressor motor stuck and started an incipient fire in the rear of the store. The same trouble developed Sunday night but little damage was caused.

We are not at all certain whether or not Proposition No. 3 on the November 5th ballot is deserving of full support. The proposition provides for a minimum salary of $2400 a year for teachers in California. We will all agree that many teachers are greviously underpaid and are well worth more than the proposed minimum. On the other hand, there are also many teachers, now being employed throughout the state, who are not worth the salaries they are now receiving, be it $2400 a year or less than half that amount. Teachers, we believe, should be paid on a basis of what they are worth to the school in which they are employed. The fact that they may receive $2400 a year is not going to relieve the current shortage nor provide more adequate schooling. We are afraid the bill will only provide more of the tax payers' money to people who are now overpaid. If school districts would fix a high standard for teachers and then pay them amply, the problem would be easily solved but we are about convinced more money with the same low standards is not the answer.

When visitors enter California via the Truckee quarantine station they are handed a little pamphlet which is provided by the division of forestry, the California department of agriculture and the state chamber of commerce. It is well worth repeating; "From mid-spring to late fall, California is dry and fires start easily along roadsides in grass, wooded and forest areas. If you smoke, be sure to put out your matches and cigarettes or cigars before discarding them. Last year 9,000 fires burned over 500,000 acres in California, and 20 per cent of those fires started along the roadsides. Many people when they arrive in California from the humid areas of the mid-west, the south and eastern states, do not realize the great danger of forest fires. Please be careful at all times, and help protect our range, watershed and forest lands from destruction."

Tahoe Water Service Is Topic of Board Hearings

TAHOE CITY— Last week three members of the Railroad Commission from San Francisco met with residents of Unit 2 of the Fulton Tract beyond Dollar Hill. The meeting was held in the Tahoe Community hall and a large crowd was present.

Purpose of the conclave was application of John A. Fulton and his sister, Margaret F. Macon, owners of the tract, for classification as a public utility. The tract is unincorporated. They asked to have water rates for their customers, 30 families in all, set at $20 a season and asked for meter rates. The commissioners asked if the owners would furnish water service 15 days earlier and 15 days longer in the future, receiving an affirmative reply. This would make the season from May 15 to October 15.

Undulant Socialism

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

A SICK republic, like a human invalid, passes through a crisis in the course of most any protracted illness. After the crisis, the patient rallies toward recovery or sinks with alarming haste toward the end. Whatever is to be done after a crisis must be accomplished with dispatch, or it is too late. The English government passed through a crisis approximately a year ago.

Since England's current administration proclaimed itself owner and operator of the coal mines, Britain has been viewed popularly as Socialistic — one of the collectivist nations. Not all the individuals in the Empire are socialists. Large elements are not. But this large minority is being forgotten. Curtains are being drawn. The crisis is over and England has gone *left*.

Now We Have It NOW the ailment that prostrated John Bull has been communicated to Uncle Sam. The symptoms are unmistakable as undulant fever; wave upon wave of collectivist power, with a show of growing intensity. Our government has taken over our coal mines from their owners because of work stoppages through strikes — strikes by the best paid group of mine workers on earth.

I think perhaps the workers ought to have had an increase in pay, which they no doubt could have obtained without striking. Nevertheless, they struck and government took over the business long enough, at least, to close a new contract giving a raise of $1.85 a day per man and a royalty of 5¢ a ton on coal to give their union a "welfare" fund. The new "welfare" fund has no relation to the union's sick and accident fund, already large.

Early Signs THIS contract will raise the price of coal 25¢ to 30¢ a ton and build up the "welfare" fund at the rate of 25 million dollars a year. The Senate has approved the executive department's right to impose this contract on the mine owners when they take their property back. This is an attack of the undulant socialism.

Government can now control the cost of coal to the owner of a mine. By fixing labor's wage, a ruler can make coal production cost whatever suits his fancy. Government already can control the price of coal to consumers. The neck of the coal industry is in a legal nut-cracker and government has the power to choke it to death at will — that, or take it over entirely.

With the sanction of Congress, which I hope never comes, federal officials can do to any industry what they are doing to coal. Each assault on freedom will be one more attack of the dread disease, undulant socialism. It works like the fever which, scientific men say, can be cured in rare instances if vigorous treatment is begun in the early stages.

Fred Howser Campaigns For Lower Pay Position

SACRAMENTO, Aug. 29 —(UP)— In these days of pressure for higher pay, Fred N. Howser, the Los Angeles district attorney, says he is campaigning for a salary cut. He is running as the Republican candidate for attorney general, which pays $14,000 a year or $1,000 less than he now receives.

Election would mean a salary boost for Edmund Brown, district attorney of San Francisco and the Democratic candidate for attorney general. He gets $8,000 a year.

Timber Access Roads Given Primary Piority

SACRAMENTO, Aug. 29 —(UP)— Access roads to California timber reserves have the construction green light in preference to recreational forest route projects, Wilson W. Wyatt, federal housing expediter, informed state officials today.

It is estimated by the Forest Service that completion of 200 miles of approved access roads will mean increased production of 126,000,000 board feet of lumber in 1947 and 238,000,000 feet in 1948.

On a housing basis, Wyatt estimates that the additional lumber to be produced as a result of the new California timber routes to be constructed this year will build 17,000 houses.

Local Church Drive for Repair Fund Progresses

The first week of the fund raising campaign for improving the Community Methodist Church is past and responses have been most gratifying, according to Rev. Marvin Quattlebaum pastor.

"We, the committee, have not contacted each individual personally and perhaps will be unable to do so, therefore we solicit you through the newspaper medium and we trust you will consider this a personal call from us. You will assist the committee greatly if you will mail your contribution to the Community Methodist Church, Box 614, Truckee."

The committee will receive bids until September 7th for the painting and roofing of the church, bids to be mailed to the above address.

Official Urges Stricter Jolts for Drunk Drivers

SACRAMENTO, Aug. 29 —(UP)— Drunken drivers were responsible for 4,342 accidents in this state during the first five months of 1946, a gain of 40.2 per cent over the same period of 1945, the state department of motor vehicles announced.

One or more deaths resulted from 289 of these accidents and injuries resulted from 4,053 of the crashes, reported Director Edgar E. Lampton.

The department head stated that, during the same period, pedestrians who had been drinking were involved in 87 fatal accidents and 803 injury accidents.

Almost one-third of the total of accidents from all causes involved drivers or pedestrians who had been drinking, Lampton pointed out. He urged that more jail sentences be imposed on drunken drivers and pedestrians resopnsible for accidents as a preventative measure.

TAHOE SKI CLUB HAS LIVELY SESSION ON FRIDAY AT CENTER

TAHOE CITY— President Ray Fellows of the Lake Tahoe Ski Club presided at a special meeting Friday night with 40 members present. Minutes of the last meeting were read by Secretary Marie Henry and Treasurer Mrs. Wm. Bechdolt gave the financial report.

Letters were read regarding the Tahoe Village Ski Club at the south end of Tahoe and the local club's reasons for objecting to the use of the word Tahoe in the name. An official report will be made to Al Sigal, president of the state ski association.

Fellows gave a resume of meetings held by the club's special committee composed of A. M. Anderson, Carl Bechdolt Jr., Floyd Carnell and himself. It was learned that Tahoe Tavern will not invest any money this year in a ski lift or other equipment on the local hill. The three proposals made to the local club by the tavern were for various reasons, unacceptable to the group.

The club will do as they have done in the past. Work will start at once in preparing the hill for the coming season with a committee composed of Carl Behcdolt Jr., Floyd Carnell and Pete Ables to investigate and report as to what is needed.

Mrs. Ben Callender, president of the Women's Club of Tahoe, was given the floor and explained the coming ambulance drive and the need for a community meeting, planned on August 29 at 8 PM at which some system will be worked out for care and operation of the ambulance once it has been acquired. There have been number of accidents at the lake this summer where an ambulance would have been called if available.

Al Henry Jr. explained the activities planned here for the centennial celebratons and told where the ballot boxes would be placed for dropping in the queen contest ballots. Miss Bette Wheat and Miss Peg E Stuart are local nominees for the honor. A special meeting of the Tahoe Women's club is being held Sept. 5 at 2 PM in community center to discuss that club's part in the centennial.

CROWD SEES RACES AT CHAMBERS' ON LOVELY AFTERNOON

CHAMBERS LODGE— Ideal weather prevailed on Sunday last for one of the most exciting Power Boat regattas in years. Commodore Fran's Fuller Jr. had charge of the day's events, staged by Tahoe Yacht Club, and was assisted by the incoming Commodore, Brooks Walker, J. Carroll Skinner, E. L. Oliver and Messrs. Reeves and Dicks. Dave Chambers served as starter, a post he has held ever since the club started. Winners were as follows:

100 HP and under: R. A. Becker, Oroville, Ruth, 1st; Hal Sharrow, Homewood, Linda Mae, 2nd; Carl Bechdolt Jr., Tahoe, Hacker, 3rd.

165 HP: Earl Schnetz' boat, Mary Elizabeth, driven by Carl Bechdolt Jr., 1st; Harley Clements in Fireball, 2nd; Ted Scripps, Glenbrook, CC Spenaloch, 3rd.

325 HP: Carl Bechdolt, 1st! Frank Fuller's Waterwagon, 2nd; Brooks Walker in Henry J. Kaiser's Let Me Go First, 3rd.

Championship, free for all: Kaiser's Silver Shell, 1st; Bechdolt's Hacker 2nd; Jim Phelan, Fresno, Ranjac III, third.

Bang and go back race, 13 entries: Earl Schnetz' Mary Elizabeth, 1st; E. L. Oliver's Hey There IV, 2nd; Jim McClatchy's Opai, third.

Handicap: Kaiser's Let Me Go First driven by Walker, 1st; Mrs. Russell C. Ryan's Rustelle, 2nd; Scripps' CC Spenaloch II, third.

Jim Phelan's Garwood won for him the stop watch given by Jake Obexer of Homewood, who also furnished the loud speaker for the event.

Mr. and Mrs. Fred Rost and their children Judy and Roxie left Tahoe on Tuesday evening last for a new home in Ohio. They planned to go to Los Angeles firts, then take in Boulder Dam and some of the beauty spots along the way, making a leisurely jaunt back to Ohio.

TAVERN TO CLOSE FOR WINTER WITH SHORTAGES, DELAY

TAHOE CITY— Glenn Greene, the manager of Tahoe Tavern, Monday announced that because of the difficulty in securing necessary equipment for remodeling the Tavern for winter occupancy, they will not remain open this winter. It will take six months to secure much of the equipment needed and this would automatically rule out any possibility of remaining open. They do hope to be ready for a big 1947 season, however, according to present plans.

Prompt Action by Tahoe Belle Checks Forest Fire

TAHOE CITY— Miss Edna Wheat made a discovery on Sunday when she passed along the highway between Simmonds and the express office. A fire was just starting to burn, so she called her brother-in-law Al Henry Jr, and together they fought to suppress it until the arrival of Fred White, patrolman from Tahoe Public campground, with his equipment. It did little damage, thanks to prompt action, and White reported it was definitely started by carelessness in discarding a lighted cigarette in the grass.

Capt. and Mrs. Matthew Kelley and their two sons and Mrs. Kelley's mother, Mrs. Isabella Ray, have closed their home in Timberland and left on Friday for Oregon where they will spend the winter.

Visiting at the Oscar Quam home are Mr. and Mrs. Martin Spitsen and family. The Spitsens and the Quams were dinner guests of the Burney Albers in town on Friday night.

MY PLACE in the SUN

by DOUG BARRETT

The American Legion here has gone all-out on the Donner Centennial for threee reasons. First, to establish the Legion as a civic organization as well as a veterans group here; secondly, to commemorate this area's principal contribution to the history of our state, and, lastly, to raise money. The first two are laudable on their face and need no explanation. The third, seemingly selfish on the surface, is equally commendable. In the spring the Legion here outlined an ambitious program for organized athletics for the young people of Truckee. Juvenile delinquency has no greater enemy than a sustaining program of athletics. The Centennial will provide a start toward the ultimate goal.

AROUND TOWN: Helga Olander of Forest Inn trying to keep Truckee dust out of her eyes....Vina and Cecil Clepper back to work from lunch....Hank Hudson and Bob Gifford deliberately out of step....Clarence Tollefson's whiskerino effort is earning him the title "colonel", bluo grass style....Walt Loynd and son Jim, a couple of darned cheerful looking guys....Della Burlingham out to lunch after slaving over a hot switchboard—and I do mean hot....Gene Woods and Tom Buell busy diting the Rotary Club's new paper 'NT, due soon....Dorothy Parkhurst he Boca belle, collecting her mail at the P.O.

Last Swim Meet of Year At Tahoe on Labor Day

TAHOE CITY— On Monday, Sept. 2, the final swimming program of the season will be held at Tahoe Tavern pool at 2:00 PM.

Events of the day will feature Harry Pierson's water ballet and a special swimming and diving exhibition by five of the San Francisco Olympic Club's best performers. They will include Fred Faioli, Duane Draves and Clyde Diaz, all experts. A nightshirt relay race, carried out by one man and one girl on a team, will be a feature of the program and the public is invited.

Pierson leaves September 3 for his home town, Pasadena, where he is adjutant of Pasadena Post No. 13, American Legion.

On Tuesday night, he hosted a party of members of his swimming formations at community hall in Tahoe City. The Tavern chef made a luncheon and sent along hot coffee which was enjoyed by the group after an evening of dancing. Included was a beautiful birthday cake for one of the guests, Ed Wilson, whose birth date occured that day.

Women guests were Polly Draheim, Peggy Pullen, Ann Owen, Barbara Nordstrum, Anzel Adamson and Mardell Brandon. All excepting Miss Pullen will return to classes at University of Minnesota shortly after September 1. Miss Pullen resides in Pasadena.

Men of this formations who attended included Ed Wilson, Don Horn, Lou Miller and Charlie Fallis. Guests invited were Mr. and Mrs. Glenn Greene, Mr. and Mrs. John Flagg, Jim Preshaw, Russ Leslie and Constable Harry Johanson.

Water Service Ready at New Lake Tahoe Tract

TAHOE CITY— Clarence Vernon of the Tahoe City Utility District announced this week that water mains have been laid in the new Fairway Tract above the Tavern golf links and service is now available. The William Boorman family is the only family living in the tract at this time, but the Charles Crosses and Howard Mahurins hope to be moved into their lovely new homes before now flies.

Fire hydrants cannot be installed in the tract until next year as they are not now available.

Residents, and prospectve residents, of the tract, are seeking to have their road oiled in order that the county snow plow can keep it open this winter.

Miss Margaret Ash was a visitor at the Tahoe Lake School last Tuesday and entertained the grammar grade classes for some time with an interesting discourse on settlement work. She is medical director for the settlement house on Telegraph Hill, San Francisco.

Waldo Gross of Lake Forest, most successful fisherman of the season in these parts, last week brought in a 9½ pound mackinaw from the waters between Lake Forest and Tahoe City.

The lake level on Monday stood at 6228.23 with 419 CSF of water still leaving the gates in town. Coldest day of the past week was on the 26th with 42 registered and warmest was on the 21st with 80 degrees.

The members of the Women's Club of Tahoe who attended the luncheon at Cal Neva a week ago included Mesdames Ralph Sturgis, Floyd Carnell, Gene Walker, Al Henry Jr., Verne Daniels, Milton Shontz, Ethel Atherton, W. A. Simmonds, Howard Mahurin, Mildred Jacobsen, Virginia Albers, Pearl Snyder, Joe Roff, Carl Bechdolt Jr., E. H. Pomin, Joesph Duffee, Phil Geier, Walter Mandeville, Ray Frazier, Stella Watson, James Gowing, Charles Cross, Ben Callender and the Misses Florence Vernon and Eunice Duffee.

Mr. and Mrs. Charles Swanson were dinner guests of Mr. and Mrs. James Wilson at their home in Tahoe Cedars on Sunday last. Visitors who dropped in during the afternoon were Mr. and Mrs. Willie Arnhold.

The Morgan-Tissue families of Sunnyside have locked the doors on their attractive summer home and departed for Glendale. They have spent the better part of the summer at the lake.

Traveling with children?

Next time, try the train

The train offers a great many advantages to parents traveling with children:

1 Safety. Statistics prove that you and your children are safer on the train than in your own home. That's pretty hard to beat.

2 **Low cost. Children under 5 ride FREE when accompanied by an adult, children from 5 to and including 11, half fare.**

3 Pullman berths cost the same whether used by one or two people. Thus a mother with a child can "double up" with the child in a berth for no additional Pullman fare.

4 **Children get seats in chair cars and coaches just like adults, even though they ride free or for half fare.**

5 Southern Pacific dining cars offer a wide variety of food for children as well as adults. A special children's menu offers meals at less than adult cost. Ingredients and facilities are provided for the preparation of formulas and special diets.

6 On the train, children have plenty of room to move around. They aren't "cooped up" as in so many other forms of transportation. And they will get a friendly reception from our trainmen, most of whom have children of their own.

7 **Traveling on the train is highly educational for children. They see their country intimately, at ground level.**

8 Children love to ride on a train. Remember when you were a child—what fun it was to take a train trip?

Next time, try the train

Tahoe Letter

From SWANEE

Tahoe City, California.
Aug. 25th, 1946

Dear Tahoeites:

This is Sunday night, an a beautiful Sunday it has been. The big attraction today was the Power Boat Regatta of the Tahoe Yacht Club which really resembled a race of the olden days with its many entrants. The argest number of spectator boats ever remembered were sighted parked in the harbor of Chambers' Lodge, and distinguished guests included Mr. and Mrs. Henry J. Kaiser in Junior III, driven by Kaiser, and the beautiful sleek new George Whittell cruiser with guests aboard. The shores were lined with spectators, and the events were run without a mishap, although there were anxious moments when it appeared there might be an upset or two in the churning waters.

Daughter Marie and I enjoyed a two day holiday in Reno last week and found the weather simply sizzling. We were more than glad to get back to Tahoe and it's cool, pinescented breezes. We were guests at the home of Mr. and Mrs. Bob Steenis while there and were sorry to learn that Bob is in the army hospital at Sawtell where this week he will undergo a serious operation. We all hope for the best....Also met Tahoeite Mrs. Jess Sisk, who like myself visited a beauty parlor to take the "works". She informed me that she had quit her position at the E. B. King home here and that evening, Thursday, would greet her fiance Floyd Casey, who was arriving on the evening train from Arkansas. They planned to be married soon, but were uncertain just whether it would occur in Reno, Tahoe or in her home in El Cerrito. Her many friends here extend best of good wishes.

Learn this week that Dick Hinkle, sea marine, will be eligible for discharge about mid-September. He is now marking time at Norfolk, Virginia, and will be heading for home as soon as replacements arrive. His plans call for enrollment at Stanford University in January....Sue Enfield his sister, returns from Washoe General Hospital in Reno on Monday, following an operation....Douglas Kelley, nephew of Dr. and Mrs. Geo. Hinkle, is the author of a most interesting article in this week's Collier's magazine titled "Squeal, Nazi, Squeal". His article deals with information he received during his psychiatric examinations of Goering and his henchmen, on trial in the Nuremburg court....Incidentally, the Hinkles have purchased the C. W. Atherton house in the Bittencourt Tract in which they have resided these many years.

Some happy people these days are the Al Henry Juniors, whose new home next to the senior Henrys is nearing completion. They may have to wait a bit for their knotty pine interior finish, and a few other incidentals, but when the plumbing is completed and their stoves installed, they will be moving right in.

Hear that my old friend Dave Bienert (Renner) is on his way home, and that is good news, for Dave has been in China for many months and there's no doubt about it that Tahoe will look good to his weary eyes. Heard he had a touch of rheumatic fever, and at one time was believed so ill he would be flown home but following hospitalization, he was able to board ship. It will be good to welcome him home again.

Another lad who is counting the hours and minutes is Roy Teagarden, Theda Prusso's husband, who has been stationed in Korea for many months. His start for home, scheduled for the 7th of August, was postponed until the 10th, but latest reports indicate he left and is now en route home much to the delight of his family.

Was very disappointed last week to have been absent from home when my old friends, Everett and Van Nessa Prusso called on us. They left for Long Beach with Theda and children on Friday, following a vacation at their Carnelian Bay lakeshore home.

I'm indebted to Mrs. C. F. Edwards, who with her husband formerly owned Edwards' Lodge near Tahoma, for the following information: The beautiful new home now being erected on one of the choicest sites of Sunnyside Beach, and the whole of the Tahoe area for that matter, belongs to Mr. and Mrs. Morris Gizuere who owns a large ranch at Yolo. Truman Sunkel is the builder of the spacious seven room dwelling which boasts a 38 foot living room with an unobstructed view of the lake. There is an equally lovely vista of the mountain slopes at the rear. The Gizueres have a legitimate right to build at this time as they had two of their five sons and both of their daughters in the service during the last war....The Edwards next season are building an artistic six room house right next door to the Gizueres with an equally lovely view, the new house to be their permanent summer home....Want to thank Don Edwards for the very lovely compliments he paid the Sierra Sun, and my humble efforts, through the years. Seems he received much enjoyment from the Sun all through his years in service....and still does, along with the family.

More letters arriving weekly from son Jimmie, still stationed in Germany's Weisbaden with the 59th weather wing headquarters. He hopes he may get home for Christmas but there is nothing certain about it yet. Aside from being homesick, he's right in the pink and finding life not unpleasant, with plenty of movies and entertainment and good swimming on hot days. He's pretty certain now he can get that head and horns to me from his 400 pound damhirsch for mounting.

A letter from daughter Phyllis in Mt. Vernon, Illinois, finds them still awaiting the arrival of the stork, who is expected almost momentarily and it will be the first grandchild that Grandma has not attended. They read every word in their Sierra Sun weekly, glad to keep in touch with old friends in this region.

Leave you for another week and send along good wishes for your health, happiness and prosperity, As ever, Swanee.

P.S.: Congratulations to Shirley Ables and Ray Prusso who announced their engagement last week! She is wearing an adorable sparkler.

MOVIE SET IS DUE AT LAKE TO SHOOT SCENES FOR FILM

TAHOE CITY— Russ Leslie, special events man for Tahoe Tavern, announces that Republic Studios will use Tahoe for part of their new picture tentatively titled Russian River. On or about September 15, the Tavern will be host to Stars Nelson Eddy and Illona Massey, their producer-director Alan Swan, and between 50 and 60 other players and technicians. Leslie, too, has been assigned a part in the picture, an epic of the settling of the Russians in California.

Of interest to Tahoecites is the call which will go out for extras during the filming of the picture here. Russ reports that husky men are needed for scenes and requests any interested to send him their name, height, age and address at which they can be reached when needed.

Lou Nova will also be among those present.

Coming in about ten days for a vacation at the lake are Linda Sterling and Katherine McLeod from Republic Studios. They will be followed by Dale Evans and Roy Rogers.

ABLES AND PRUSSO TROTH REVEALED AT TAHOE PARTY

TAHOE CITY—A surprise to their many friends in the Tahoe region was the announcement on Thursday last of the engagement of Miss Shirley Ables and Ray Prusso, both residents of Tahoe.

Mrs. Ruth Ables, mother of the bride-to-be, bid a group of friends to Forest Inn near Ward Creek, where the tables were set out on the blue canopied terrace, gaily decorated with white candles and white and yellow daisies and blue delphinium. Little red, heart shaped place cards bore the names of the young people, whose romance began when Ray returned to Tahoe from service with the Marines overseas.

Those who attended the announce: Prusso of Long Beach, mother of the prospective bridegroom; Mrs. Roy Teagarden, his sister; Mrs. Sherwood Prusso, Mrs. Douglas Smith, Mrs. Harry Johanson, Mrs. Stanley Martin, Mrs. George Hinkle, and the Misses Bette Wheat, Betty Renner and Barbara Woolley and the guest of honor.

No plans have been announced for the wedding, as the groom-elect will attend school this fall.

Pioneer Tahoe Hotel Man Laid to Rest by Masons

TAHOE CITY— Funeral services were conducted by Masonic Lodge in Carson City Tuesday for Fay Shannon for many years manager of famous Glenbrook Resort on the Nevada shores. He passed away on the way to a Carson City hospital following a stroke.

Shannon started his career as a hotel man more than 35 years ago at Tahoe Tavern. He went to work at Glenbrook for Mr. Holden, then owner and later for Charles Henningson, whose daughter, Gladys, he later married. After that he served as assistant manager for some years, taking over the duties as manager when Henningson died about 12 years ago.

Services were attended by many Tahoe resort owners, including Henry Droste, Theodore Schlueter, George Kehlet and many others.

MISSION METHOD OF BUILDING IS URGED BY STATE OFFICIAL

SACRAMENTO, Aug. 29 —(UP)— A return to the building methods of the Mission fathers in California was suggested this week at a meeting of Gov. Earl Warren's cabinet by Building and Loan Commissioner Frank C. Mortimer. He proposed that some state construction in these days of materials shortages could be done with processed adobe bricks, bascially the material used in early California missions.

LIEUT. GOV. CONTEST SEEN AS TOP FIGHT ON BALLOT OF NOV. 5

by LLOYD LAPHAM
United Press Staff Correspondent

SACRAMENTO, Aug. 29 —(UP)— Ordinarily the contest for lieutenant governor in the November election would rate behind the contests for two other major state offices. But this year it rates ahead of U. S. senator and attorney general campaigns in the opinion of many observers.

The reason, of course, is that many expect Gov. Earl Warren to be a national candidate in 1948 when two years of his second term are still to run. If a Democrat is elected lieutenant governor, California Republicans wouldn't like to see the governor bow out and his party lose control of the state government.

And, the presence of a Democrat in the lieutenant governor's chair might lessen Warren's "availability" in the eyes of Republicans throughout the nation.

So, the campaign battle between John F. Shelley, Democratic senator from San Francisco and an AFL labor leader, and Goodwin J. Knight of Los Angeles, a former superior judge, takes on an importance given to few such contests.

Democrats, too, are placing high importance on the race. Warren knocked their candidate, Attorney General Robert W. Kenny, out in the primary. Electing a Democrat to sit in the event of Warren's resignation would partially pay off that score.

In the primary, not always a very accurate indication of the final vote, the total given each man was very close, with Knight holding an edge. On both Republican and Democratic tickets, Knight got 683,000 votes to 662,000 for Shelley.

Preliminary odds have been quoted in San Francisco of even money that Knight wins by 100,000 votes.

Even more than in other races, the outcome depends upon the southern California vote. Shelley, president of the San Francisco labor council, AFL, concededly will run well ahead in highly organized northern California.

His chances, then, depend on whether he can partially overcome Knight's residence and wider acquaintance in southern California, where, too, labor organizations are not so strong.

ATOMIC GASOLINE

Gasoline manufactured by an atomic process is practically here, but atomic powered automobiles are in the more distant future, scientists declare.

An atomic gasoline plant is being erected in Ohio, using a process claimed to yield in excess of 95 per cent of gas of an 85 octane rating with no residuals.

Manhattan Main Street

W 42 ST | BROADWAY

By CARL HELM

NEW YORK — There's quite a large and important section of the 'fashionable' East Side, in the Forties and Fifties, that needs an old-fashioned, home-town church.

Maybe not a church—but at least a big friendly room, where people could gather on Sunday and sing the old hymns and feel God and brotherhood at least once a week.

That section, including Beekman Hill and Sutton Place, is inhabited by a lot of folks who came years ago from out in America...most of them somewhat successful now, childless, established in their expensive apartments—and bored with Sunday mornings because they feel something lacking.

They might hesitate to admit that what they miss at times, and particularly on Sunday, is an inward, joyous unity with the Almighty, and thereby with one's fellow man. But were there a church nearby, or even a big enough room, where they could gather and sing "Beulah Land,"—"Onward, Christian Soldiers" or the Doxology....

Maybe there would be somebody to get up and read the Bible—just start reading anywhere, and let the ageless psalms and injunctions and consolations of the Scriptures roll and go resounding down the years, to the almost forgot days of youth—when Sunday morning was a space apart from the workaday world... instead of a chance to lie abed late with the morning paper.

See your nearest lamp bulb dealer today. Get the bulbs you need to protect your family's eyesight.

Fill Empty Sockets — Put in Right Size Bulbs for Easy Seeing

Tonight, look around at the lighting in your home. If a lamp or lighting fixture seems dim, look at the light globe. If it is darkened with age and use, it is not giving you the light you are paying for and will soon burn out. Then count the empty sockets and the small-size bulbs that were put in temporarily some time ago.

Make a list of the lamp bulbs needed to restore bright, new lighting throughout your home. Take this list with you when you go shopping. You will find the lamp bulb supply is now plentiful. Good lighting is inexpensive. Use plenty of it.

Living Room. Protect your family's eyesight. 150-watt bulb is right size for many reading lamps.

Kitchen. For that overhead light in the kitchen you need at least 150-watts. Be sure you get right size lamp bulbs.

Child's Study Lamp. Young eyes are too precious to risk. Better get a 150-watt bulb for your child's study lamp.
